

PREMIUM ALUMINIUM INFRARED HEATER HMIR69ALU

SMART CONNECT*

SIMPLE INSTALLATION

LONG-LIFE PERFORMANCE

SLIM DESIGN

DESCRIPTION

These all new UK made Premium Aluminium Infrared heaters are a stylish white slim aluminium model. They are completely frameless and have an edge to blend into any environment.

They are easy to install on the wall or ceiling with a "LCD style" mounting bracket. The 400W and 800W models are also sized to slot discretely into suspended ceilings.

These heaters are supplied as standard in matt white, RAL 9003. They can be ordered in other RAL colours - this incurs an additional cost and an MOQ.

This unit comes with a 10 year warranty.

*additional module required for Smart Connect

USABILITY (400W)

TECHNICAL DATA

MODELS	RATED VOLTAGE	OUTPUT	DIMENSIONS (mm)			WEIGHT (kg)
			H	W	D
